Idea 1

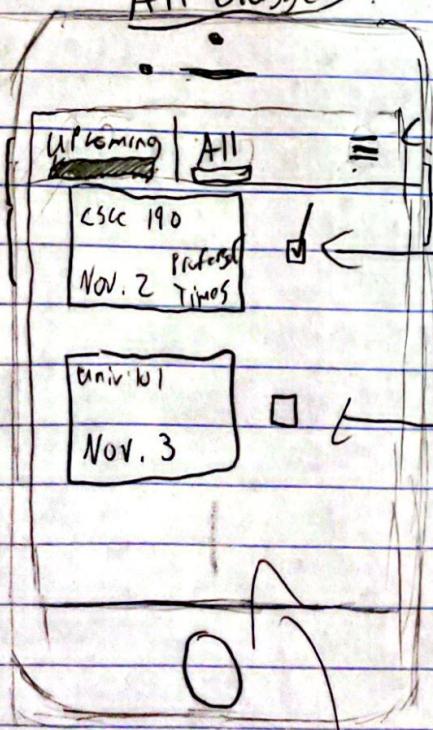

days of week/professor of the class
(click into timeslot options for diff hours.)

choose classes

weekly, while core classes
are chosen traditionally.

The CompIT approach

All classes?

Idea #2

Menu containing profie, search, etc.

Sign up for classes as if they were events, must select a min amount of classes.

+ Pros: Students can attend the same class multiple times.

- Cons: Very dependent on the responsibility of students.

Different professor teach in different ways.

Potentially a "calendar view"

or opp !
